

### Jump Specification

All our uprights comply with B.S.J.A specifications. For affiliated competitions all uprights require keyhole track fitted, enabling the use of breakaway cups. Drilled uprights with traditional cups can be used in unaffiliated competitions, equestrian centres, livery yards, and home use.

### Didi 4ft Jump Range

Our 'Didi' Jump range has been specifically designed for children and ponies.

### Keyhole Track

All our uprights can be fitted with either metal or plastic keyhole strips, this can be done at time of manufacture or at a later date by yourself. Track prices; are for aluminium metal keyhole strips, fitted at time of manufacture

All timber is sanded, primed, undercoated and painted with an exterior gloss. All joints are bolted. Wing Width, uprights 60mm x 100mm, Feet; 45mm x 195mm, Didi Jump feet; 45mm x 145mm.
